Thank you so, so, so much for the laptop. I have been using it since you gave it to me. It is a really amazing laptop. The printer is really amazing too! I have a printer, but this is a great upgrade and it means that I can leave my old one at home for my sisters. This is an amazing program and I am very grateful for it. I am so

Sorry that it took so long to write you a thank you card. I went in my car and searched all over for your address in the letter, but couldn't find it. I finally attained your address from another award winner. So sorry for the delay. ~~\_\_\_\_\_~~
