Dear Mr. Robert Drechsler and family,

Thank you so much!

Every person has special dreams and one of them just came true, thanks to someone who's kind and thoughtful... And that someone of course, is you!

I am very grateful for your kindness and good heart. That day I felt like I actually did something good in my life and that all my efforts were rewarded. Thanks for noticing me and for giving me this big surprise, a Macbook Pro! I am very inspired by what you, your contribution with the community and how you help others. I hope that in the future I become like you. I am writing to you (using my laptop) to thank you for this gift and the 100 dollars itunes gift card. With the gift card I was able to buy programs such as pages (to write documents), keynote (to do powerpoint presentations) and numbers (for statistics and organization). My family and I are very grateful and can't express all our gratitude with this letter. I can't show how much I am grateful and am thankful for this opportunity with this letter but I hope to somehow reward you with my success. My little sister was inspired and she told me "I want to be successful like you so that I can be rewarded." I thank you for helping her realize what she can obtain with all her efforts. Overall I just want to thank you and your family for this blessing. I am so happy! I hope the best for you and your family and it was a pleasure meeting you. Hope to see you in the future! Thank you for being part of my success!!! :) <3

With Love and Admiration,

Alejandra Hernandez
