

May 31, 2015

Dear Mr. Drechsler,

I would like to thank you for choosing me as one of the To the Top with Laptops scholarship winners. I am very grateful to be receiving this scholarship. It is a huge help to me and my family with all the costs that come with attending college.

I will be the first in my family to attend college. I hope to make my parents and myself proud. I plan on majoring in accounting and will most likely start at Westchester Community College and will then transfer to another SUNY school. As I look back on my four years of high school, I am happy to say that I have worked hard and finished well. I have set myself a goal to do even better once I am in college. This scholarship has inspired me to keep working hard to achieve my goal because I know I am very fortunate to have received this.

College is very important to our family. We see college as a way for a better future. Thank you for your kindness and generosity.

Sincerely,

Josue Enriquez
